Subject: Bella Plant Growth Regulator  
**EPA File Symbol 95961-R**  
**Application for Pesticide Registration for a New Product**  
**PRIA Category: R300 New End-Use Product, Identical in Composition and**  
**Use to a Registered Product with Product Chemistry Data and Data**  
**Authorization Letter**

**PRIA Milestone Tracking E-mail Notification:** [jwrightch@comcast.net](mailto:jwrightch@comcast.net)

Dear Ms. Roe:

On behalf of KIM-Z, INC. (KIM-Z), I am transmitting this application for pesticide registration of Bella Plant Growth Regulator to the U.S. Environmental Protection Agency.

This new end-use product registration contains forchlorfenuron as the sole active ingredient. **It is identical in composition to CPPU Plant Growth Regulator, EPA Reg. No. 71049-4.** It is a water miscible concentrate formulation containing forchlorfenuron, PC Code 128819, at 0.80% w/w.

The source of the active ingredient is linked to a registered technical product identified on the Confidential Statement of Formula (CSF) and Formulator's Exemption form.

This product is identical to the existing registered forchlorfenuron formulation, e.g. CPPU Plant Growth Regulator, EPA Reg. No. 71049-4. The CSFs provide here are the same as those accepted for the cited product. See attached references CSF.

The label use patterns and sites for this label are identical to the referenced registration.

The complete product chemistry data for this formulation to support this registration application are provided as listed below.

April 13, 2020

Page 2 of 3

KIM-Z obtained a specific authorization letter from the product chemistry and acute toxicology data owner.

The PRIA Category is R300 for new end-use product, substantially similar (*identical*) in composition and use to a registered product with Product Chemistry data. The fee is \$1662.00

The registration application request contains the following enclosed materials:
